

BIODIGESTER RIBBON-CUTTING CEREMONY

Tuesday, January 8th

11:15am-noon

Next to the FitzRandolph Observatory/Lot 21

Learn more about how the **Princeton University Biodigester Demonstration project** creates a unique opportunity for students and staff to partner on keeping food scraps out of landfills.

Tour the facility and walk through the operational process, with an opportunity to **view a sample of finished compost.**

RSVP to sustain@princeton.edu by January 4th
